

OUTLINE OF PLANS TO RESTORE PEACE

TALK OF CESSATION OF HOSTILITIES FOLLOW GERMAN ACCESSION TO U. S.

POPE BENEDICT INTERESTED

London Hears of Internal Strife in Kaiser's Domain Which May Be Cause of Present Agitated Condition.

Washington—Peace talk followed so closely upon the surrender of Germany to the United States in the submarine controversy as to almost obscure the importance of the latter in the consideration of the president and his advisers.

Cardinal Gibbons came to Washington from Baltimore and submitted to the president a message from the pope bearing upon the peace question and proposing, it is understood, cooperation between the United States and the Vatican with a view to influencing the warring nations to stop hostilities.

Outline of Peace Terms.

Washington.—The peace terms which Germany would be willing to discuss at this time were outlined to a correspondent as follows:

Absolute withdrawal of Poland from Russian dominions and formation of separate kingdom under Roman Catholic monarch.

Restoration of the status quo in Western Europe and guarantees that none of the belligerents extend their territories.

Freedom of Finland and institution of autonomous government, although possibly under Swedish protectorate.

Redistribution of the colonies of the belligerents, particularly in Africa.

Germany, while evacuating Belgium, will refuse to pay any indemnity to the latter, but would be willing to pay a reasonable price for the Congo Free State, the Belgian colony in Africa.

Germany proposes that Great Britain and all other nations enter into an agreement establishing the freedom of the seas and immunity of all commerce from attack in time of war.

Germany Faces Internal Troubles.

London.—A dispatch to the Exchange Telegram Company, from Amsterdam, says:

"Telegrams received from Berlin express fears that the German government's decision to relax its submarine campaign will cause most serious internal troubles, as the chancellor's action conflicts with the opinion of all the maritime chiefs."

It is rumored that Admiral von Tirpitz, the minister of marine, has gone to headquarters of Emperor William to confer with the chief of the emperor's naval staff, and that he intends to resign.

NEWFOUNDLAND LIQUOR VOTE

Bitter Campaign in Progress Because of Coming Prohibition Election.

St. Johns, Newfoundland.—The question of prohibition of the liquor traffic is the leading issue in one of the most bitter campaigns ever fought in Newfoundland. An election will be held in November when a vote will be taken on a prohibition bill referred to the people by the last legislature.

As there would be great difficulty in importing liquor into a territory completely surrounded by water, it is believed that if prohibition should become a fact in Newfoundland the world would see the most complete demonstration of the working of a prohibition law ever known. The approval of 40 per cent of the electorate is necessary before the prohibition can become a law.

NASHVILLE OFFICIALS HELD

Nashville, Tennessee.—Former City Commissioner Lyle Andrews, former City Treasurer Charles Myers and former City Recorder W. L. Murray were arrested on charges of grand larceny of municipal funds. Each is charged with stealing \$25,000 of city money.

Former Ecuador President Dies.

Geneva, Switzerland.—Antonio Flores, former president of Ecuador, is dead here. Senor Flores was elected to the presidency of Ecuador in 1888 and served four years.

Heir to Big Estate Missing.

New York.—Police are searching for J. Van Sien of Yakima, Wash., who left home nine weeks ago to sign papers that would permit the distribution of an estate of \$4,000,000 left by his grandfather, Herbert Van Sien.

ITALIANS PUT UP FIELD WIRELESS

NOTE GRATIFYING TO T. A. RAIDERS FIRE U. S. BRIDGE

ON THE FACE IT APPEARS TO BE SATISFACTORY.

Colonel, However, Admits a Number of "ifs" to His Comment on Bernstorff Statement.

Oyster Bay, New York.—

The following statement was given out by former President Roosevelt in relation to Ambassador von Bernstorff's note concerning the Aahic:

"On its face it appears to be most gratifying and if the acts of the Germans bear it out and if suitable amends are made for the lives lost on the Lusitania and Arabic and for the Gulfstream and Palmba and similar cases, and if there is no provision expressed or implied as to action on our part, such as was requested by Germany before as regards England and France, the results in every way will be satisfactory."

"I wish to call attention, however, to one thing. This is in no sense of confession from Germany, as it has been styled in some papers. It is an announcement that she intends to stop the policy of assassination. To stop the policy establishes no claim for gratitude and I take it for granted, of course, there will be the most ample amends, so far as such amends are possible, made not only for the property, but for the 120 lives of American men, women and children who have been assassinated during the four months and over that the policy has been carried out."

NIGHT RIDER CHIEF IS GUILTY

Leader of Band of Kentucky Marauders Is Sentenced to the Penitentiary.

Hartford, Kentucky.—Officials here believe that the ringleader of the "possum hunters," armed bands of men that for months committed night depredations in this section of Western Kentucky, was convicted and sentenced to the state prison here, when Jesse Pulgerson, a farmer, pleaded guilty to a charge of manslaughter and was sentenced to the penitentiary for from 10 to 15 years.

Other alleged "night riders" were brought to trial yesterday. There remain more than 60 cases on the circuit court docket, with the grand jury still in session.

RAIDERS FIRE U. S. BRIDGE

TROOPS SURROUND MEXICAN MALEFACTORS.

Aeroplane Is Employed to Locate Hiding Places of Bandits North of Brownsville.

Brownsville, Texas.—

A detachment of Troop C, Third United States Cavalry, and a band of Mexican bandits were reported to be engaged in a fight yesterday 11 miles north of Brownsville.

Cavalry and infantry are being spread out to surround the Mexicans who set fire to a railroad trestle 14 miles north of here, and who have been chased by cavalry since.

Thirty of the Mexicans were seen about seven miles north of here. Aviation Lieutenant R. C. Morrow has been ordered to ascend in an aeroplane to find the band and direct the soldiers to it.

A party of Americans traveling from Brownsville to San Benito, in an automobile, who passed the trestle a short while before it was set on fire, reported they had been fired upon by a band of between 25 and 30 Mexicans.

TO HOLD OLD CORN FOR SEED

Nebraska Farmers Advised to Guard Against Defective Seed of 1915 Crop.

Lincoln, Nebraska.—To guard against the poor seed corn danger, Nebraska farmers are being advised by the department of experimental agronomy of the University of Nebraska, to keep at least a part of their supply of last year's seed corn as an emergency supply.

With corn throughout the state backward this year there is danger that it will be soft, and with the possibility that it may not ripen properly there is the danger, experienced a few years ago, that it may not germinate after being planted, and so be worthless for seed.

While the corn crop in this state is backward, due to the cool summer, a good crop is expected. This corn, while it probably will be soft, grain experts say, will nevertheless make good stock feed, and it is expected that heavy feeding of live stock in this state will be one of the results of the backward crop.

GERMANS POUND AT GATES OF RIGA

SITUATION MOST CRITICAL RUSSIANS HAVE FACED DURING THE WAR.

BRITISH TRANSPORT IS SUNK

Strikes Mine in Dardanelles and Goes to Bottom With 1,870 Men—Six Hundred Bodies Said to Be Recovered.

London.—An army of 1,000,000 Germans is menacing Riga, the important port on the Baltic, and the fall of the "key to Petrograd" is expected soon.

This is considered the most critical situation the Russians have faced on their entire front, for the capture of Riga, a city of 300,000, probably will cut the Russian army in two, subjecting hundreds of thousands to capture or annihilation, and impairing the forces which would be thrown back to safeguard Dvinsk.

The Russians have brought up thousands of re-enforcements and are stubbornly defending this line.

A German crossing of the river would mean the evacuation of Riga and threatening of the Russian positions south of the Dvina.

However, the Germans do not yet claim to have crossed the river, which is being defended by a re-enforced army commanded by Gen. Ruzsky, who stopped the previous German advance on the Baura River in front of Warsaw.

Teutonic Forces Capture Grodno.

In view of the importance of the battle raging along the Lower Dvina, the fighting elsewhere loses some of its interest. Grodno, which the Russians evacuated, apparently proved an empty shell to the Germans, as they captured only 400 prisoners after street fighting. To the northwest of Vilna the Russians are on the offensive, and while the Germans say the Russian counter attacks have been a complete failure, it is said in Petrograd that the counter offensive seriously threatens the German left flank and communications with the army of Lieut. Gen. von Eichhorn.

British Transport Is Sunk.

Berlin.—"Telegrams from Sofia," says the Overseas News Agency, "state that off the entrance to the Dardanelles, a British transport struck a mine and sank with 320 officers, 1,250 soldiers and 300 members of the crew, all of whom were drowned. Six hundred bodies were recovered."

FEW LEFT IN SHAKERTOWN

Only Four Elderly and Infirm Persons Remain in Wealthy Kentucky Settlement.

Lexington, Kentucky.—Four elderly and infirm persons are the only occupants of the immensely valuable Shaker settlement, one of the few remaining colonies of the sect, near here. Sisters Christine Johnson, 84, and Martha Olson, 87, died one day recently within the hour.

Shakertown, now so sparsely settled, was once a flourishing town, with manufacturing and various business enterprises and controlling rich adjacent farm lands.

Even now the property is valued at millions. Recently a trustee was appointed to manage the affairs of the colonists.

REMOVE CONFEDERATE FLAGS

Ada, Oklahoma.—A few angry words were once, and threats made when Postmaster M. W. Ligon removed from the federal building several Confederate flags which had been placed there in honor of the state's emancipation of Confederate veterans now in progress here.

The postmaster declared that none but the Stars and Stripes should fly from the postoffice.

8-Hour Day at Standard Oil.

New York.—Announcement of the adoption of an eight-hour day by the Standard Oil Company of New Jersey was made here. Twenty-five thousand workers are affected.

Turks Massacre Armenians.

London.—A dispatch to the Exchange Telegram Co. from Athens says: "Travelers arriving from Constantinople announce that Turks have burned the town of Iamli and massacred a large number of the Armenian inhabitants."
